

Please do not repeal the rules that prohibit media companies from owning both a newspaper and a TV station in the same geographic area.

If a single company can control a town's TV stations, radio stations, cable company and only newspaper, the elimination of this rule will essentially signal the absorption of the newspaper business into the television industry, with a negative impact on the quality of print journalism.

The corporatization of the media prevents the public from getting real news from unbiased sources. It amounts to censorship.

Do not limit the freedom of American citizens to have access to information. Given the current climate in this country, it is one of the few freedoms we have left.

Sincerely, Dina Samfield
